

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Sixteenth meeting of the Conference of the Parties
Bangkok (Thailand), 3-14 March 2013

Summary record of the 12th session of Committee II

12 March 2013: 9h15 – 11h15

Chair: R. Gabel (United States of America)
Secretariat: J. Barzdo
T. De Meulenaer
Rapporteurs: J. Caldwell
J. Gray
A. Mathur
C. Rutherford

The Secretariat welcomed Maldives as a Party to the Convention. Maldives, stating that it was looking forward to working with other Parties in order to fully implement the Convention, highlighted its current efforts to protect biodiversity.

Interpretation and implementation of the Convention

Species trade and conservation

60. Sturgeons and paddlefish

60.2 Report of the Secretariat

The Russian Federation highlighted the differences between the proposed amendments to Resolution Conf. 12.7 (Rev CoP14) (*Conservation of and trade in sturgeons and paddlefish*) contained in document CoP16 Inf. 53 and those in the Annex to document CoP16 Doc. 60.2. The Islamic Republic of Iran, Japan and Ukraine supported the amendments proposed by the Russian Federation in the information document.

While supporting the proposed amendments in document CoP16 Inf. 53 in principle, Ireland, speaking on behalf of the Member States of the European Union and Croatia, and the United States were against deleting the reference to document SC61 Doc. 48.2 in paragraph e) under "URGES the range States" in the proposed amended Resolution, and in favour of the Secretariat's recommendation to delete two paragraphs under "DIRECTS the Secretariat" and add two new paragraphs beginning "CALLS UPON" and "URGES Parties".

As the Russian Federation insisted on maintaining its proposal in document CoP16 Inf. 53, the Chair put the retention of reference to document SC61 Doc. 48.2 to a vote. Fifty-one Parties voted in favour of maintaining the reference and eight voted against, while 27 abstained (see Annex 1). The reference to document SC61 Doc. 48.2, as proposed by the Secretariat, was therefore retained.

The Russian Federation also insisted on their proposal in document CoP16 Inf. 53 to maintain the two paragraphs under "DIRECTS the Secretariat" and to delete the two new paragraphs recommended by the Secretariat beginning with "CALLS UPON" and "URGES Parties". The Chair put these proposed amendments to a vote. Fifty-one Parties voted in favour of retaining the Secretariat's proposed text and 14 voted against, while 30 abstained (see Annex 2). The text proposed by the Secretariat was thus retained.

The Russian Federation lodged a complaint, citing paragraph 29 of the Rules of Procedure. This was noted by the Chair.

The proposed revision of Resolution Conf. 12.7 (Rev. CoP14), in document CoP16 Inf. 53, as amended, was put to a vote. With 59 Parties voting in favour, five against, and 29 abstentions, the text was accepted (see Annex 3).

62. Humphead wrasse

China, as Chair of the Standing Committee working group on humphead wrasse, introduced document CoP16 Doc. 62 (Rev. 1). It informed the Committee about domestic measures taken and observed that international cooperation was required to protect the species. Ireland, speaking on behalf of the Member States of the European Union and Croatia, Indonesia and the United States supported the recommendations in paragraphs 20 and 21 and the proposed amendments by the Secretariat to Decision 15.87, as given in the Annex to the document.

IUCN, also on behalf of TRAFFIC, raised concern regarding the illegal, unreported and unregulated fishing of humphead wrasses, and drew attention to ranching operations, where juvenile wild-caught fish were grown-on, whose offtake went unreported and was not accounted for in non-detriment findings.

The recommendations in paragraph 20 and the proposed draft decision, with the amendments proposed by the Secretariat in its comments on the document, were accepted by consensus. The Chair noted that the Secretariat would turn the recommendations in paragraph 20 into draft decisions.

63. Toothfish: report of CCAMLR

The Secretariat introduced document CoP16 Doc. 63 (Rev. 1), which was noted.

70. Report of the Central Africa Bushmeat Working Group

The Democratic Republic of the Congo, as Chair of the Central Africa Bushmeat Working Group, introduced document CoP16 Doc. 70 (Rev. 1), noting that the group had not met since June 2011. He asked that the group be encouraged by CITES and the Food and Agriculture Organization of the United Nations to meet on a regular basis.

Ireland, speaking on behalf of the Member States of the European Union and Croatia, supported the draft decision directed to the Standing Committee proposed by the Secretariat.

The draft decision in the Secretariat's comments in document CoP16 Doc. 70 (Rev. 1) was accepted by consensus and it was agreed to retain Decisions 14.73 and 14.74 (Rev. CoP15).

Strategic matters

19. CITES and livelihoods

Peru, as Chair of the Standing Committee working group on CITES and livelihoods, introduced document CoP16 Com. II. 11 (Rev. 1), containing draft resolution and decisions based on those in document CoP16 Doc. 19 (Rev. 1) with amendments proposed by the Committee's working group on this issue.

Argentina, Colombia, Ecuador, Mexico, South Africa, Suriname, the Philippines, Zimbabwe and TRAFFIC supported these.

The United States proposed replacing "specially" with especially in the sixth preambular paragraph of the draft resolution and drew attention to a drafting error in the penultimate paragraph, which should begin RECOMMENDS Parties adopt mitigating strategies for... It referred to its continued concerns over the approach reflected in the draft resolution and decisions, which it proposed to address via participation in the intended continuing intersessional working group. South Africa, Zimbabwe, Humane Society International and TRAFFIC also wished to participate in this working group. Mexico, supported by Zimbabwe, proposed changing the sentence beginning "AFFIRMS that the following be considered..." to RECOMMENDS the following to be considered.

Humane Society International thought the amendments being proposed in document CoP16 Com. II. 11 (Rev. 1) were generally improvements, but expressed concern that the draft resolution was being finalized before the associated toolkit and guidelines, citing particular unease over the intention expressed to explore the use of registered marks of certification and origin as enabling policies.

Document CoP16 Com. II 11 (Rev. 1), with the amendments proposed by Mexico and the United States, was accepted by consensus.

22. Proposal concerning a needs assessment for strengthening the implementation of CITES in developing countries

Ghana introduced document CoP16 Com. II. 10, which contained three draft decisions that it had prepared with input from the Secretariat. It proposed that the phrase “Parties in the African region” in paragraph a) of decision 16.AA in the document be replaced by developing countries.

Given that all Parties may have capacity needs, the United States proposed that the terms “Parties in the African Region” in paragraph a) of decision 16.AA and “developing countries” in paragraph a) of decision 16.BB and in the decision directed to the Parties be replaced by all Parties.

The draft decisions in document CoP16 Com. II. 10, including the amendment proposed by the United States, were accepted by consensus.

Interpretation and implementation of the Convention

Compliance and enforcement

31. Disposal of illegally-traded and confiscated specimens of Appendix-I, -II and -III species

Indonesia introduced document CoP16 Com. II. 21, containing a draft decision directed to the Standing Committee that had been prepared by a drafting group of the Committee. It expressed its hope that persisting differences in opinion between Parties could be resolved via implementation of the decision.

The draft decision in document CoP16 Com. II. 21 was accepted by consensus.

Trade control and marking

35. Improving the efficiency of international cooperation on permit and certificate verification

China introduced document CoP16 Com. II. 20, containing proposed amendments to Resolution Conf. 12.3 (Rev. CoP15) (*Permits and certificates*) that had been prepared by a working group of the Committee. Indonesia, Japan and IWMC – World Conservation Trust broadly supported the proposed amendments; Japan commented on the difficulties faced by Management Authorities in communicating with issuing Parties, and hoped that the amended Resolution would encourage Parties to respond to permit queries more promptly. IWMC – World Conservation Trust suggested that the word “Party” in a redrafting of Resolution Conf. 12.3 (Rev. CoP15) be replaced by State, to encompass non-Parties.

This suggestion and the proposed amendments to Resolution Conf. 12.3 (Rev. CoP15) in document CoP16 Com. II. 20, were accepted by consensus.

Exemptions and special trade provisions

46. Personal and household effects

Ireland, on behalf of the Member States of the European Union and Croatia, reported on the outcomes of the drafting group convened to revise proposed amendments to Resolution Conf. 13.7 (Rev. CoP14) (*Control of trade in personal and household effects*) in document CoP16 Doc. 46 (Rev. 1). On the basis of the group’s discussions, it proposed that the following text be inserted after paragraph b), subparagraph i), under “AGREES that Parties shall”:

ii) for the export of rhino horn or elephant ivory contained in hunting trophies; or

It added that this amendment would necessitate renumbering the following subparagraph and a consequential amendment to Annex 1 of the draft resolution in document CoP16 Doc. 46 (Rev. 1), by insertion of the following text at the end of paragraph 16:

Note that the export of rhino horn and elephant ivory contained in hunting trophies does not qualify for the personal and household effects exemption.

In response to a query from South Africa as to whether the proposed text should refer to re-exports as well as exports, Ireland, on behalf of the Member States of the European Union and Croatia, said this would be acceptable. Humane Society International supported this suggestion. The proposed revisions to Resolution Conf. 13.7 (Rev. CoP14) in document CoP16 Doc. 46 (Rev. 1), with the proposed amendments from the drafting group and South Africa, were accepted by consensus.

The meeting was adjourned at 11h15.

VOTE ON THE RETENTION OF REFERENCE TO DOCUMENT SC61 DOC. 48.2
IN RESOLUTION CONF. 12.7 (REV COP14)

List provided in English only. Key of abbreviations:

ABST = Abstain
